Welcome & About This Handbook

Welcome to Nilora PM Resort. From 28 August 2026 we are proud to open our doors to the public as a full-service resort on the beautiful Hastings River in Port Macquarie, and you are a vital part of making that a success.

This handbook sets out the policies and standards that apply to everyone who works at Nilora PM Resort, regardless of employment type (full-time, part-time or casual). It is designed to be read alongside your Employment Contract and any position-specific procedures provided by your supervisor.

These policies do not form part of your contract of employment and may be reviewed, updated or replaced by the Company from time to time as our business and legal obligations evolve. You will be notified of any material changes.

If you have any questions about a policy in this handbook, please speak with your supervisor or the Resort Manager.

1. Code of Conduct

1.1 Purpose

This Code of Conduct sets the standard of behaviour expected of everyone working at Nilora PM Resort. It exists to protect our guests, our team, our reputation, and the enjoyable, safe environment we all work in.

1.2 Standards We Expect

All staff are expected to:

- Treat guests, colleagues, contractors and visitors with courtesy, honesty and respect at all times.
- Perform their duties diligently, safely and to a professional standard.
- Be punctual and reliable, and notify their supervisor as early as possible if unable to attend a shift.
- Wear the correct uniform and maintain a neat, professional appearance in line with resort presentation standards.
- Follow reasonable and lawful directions from management.
- Protect the security, cleanliness and condition of resort property, guest rooms and facilities.
- Act in the best interests of the resort and avoid any behaviour that could bring Nilora PM Resort into disrepute.

1.3 Guest Interactions

- Guests should be greeted warmly, listened to, and have any concerns escalated promptly and courteously.
- Guest personal information (names, room numbers, payment details, travel plans) must never be disclosed to anyone outside the resort, or to other guests, without the guest's consent (see clause 6, Confidentiality and Privacy Policy).
- Staff must not enter guest rooms outside of their normal duties, or without following the resort's access protocol.
- Complaints should be handled calmly and referred to a supervisor if they cannot be resolved on the spot.

1.4 Conflicts of Interest, Gifts & Benefits

- Staff must disclose to their supervisor any personal or financial interest that could conflict with their duties (for example, a close personal relationship with a guest, supplier or another staff member they supervise).
- Gifts, tips or benefits offered by guests or suppliers beyond token value (for example, small tips in line with normal hospitality practice) should be disclosed to a supervisor; staff must never solicit gifts or preferential treatment.
- Staff must not use their position at the resort for personal gain.

1.5 Workplace Relationships

Personal relationships between staff, or between staff and guests, must never compromise professional judgement, rostering decisions, or the comfort and safety of others. Any relationship involving a direct reporting line must be disclosed to management so appropriate arrangements can be made.

1.6 Breach of this Code

Breaches of this Code of Conduct will be addressed under the resort's disciplinary process and may range from a verbal warning to summary dismissal, depending on the nature and seriousness of the conduct, consistent with the Fair Work Act 2009 (Cth).

2. Work Health & Safety Policy

2.1 Our Commitment

Nilora PM Resort is committed to providing a safe and healthy workplace for all staff, contractors, guests and visitors, so far as is reasonably practicable, in accordance with the Work Health and Safety Act 2011 (NSW) and the Work Health and Safety Regulation 2017 (NSW).

2.2 Responsibilities

Management	Provide a safe workplace, safe systems of work, information, training and supervision; consult with staff on WHS matters; investigate and act on hazards and incidents.
All staff	Take reasonable care for their own health and safety and that of others; follow safety procedures and reasonable instructions; report hazards, incidents and near-misses promptly; use PPE as required.
Contractors & visitors	Comply with resort WHS rules and site inductions while on the premises.

2.3 Hazard & Incident Reporting

- Any hazard, near-miss, injury or illness — no matter how minor — must be reported to a supervisor as soon as possible and recorded on an Incident/Hazard Report Form.
- Serious injuries, illnesses or dangerous incidents must be reported immediately to management, who will assess notification obligations to SafeWork NSW under the WHS Act.
- Staff must not attempt repairs or interventions outside their training or authority — report and isolate the hazard instead.

2.4 Emergency Procedures

- Every staff member must know the location of fire exits, extinguishers, fire blankets, the assembly point, and the nearest first aid kit and first aid officer.
- In the event of a fire, medical emergency or other incident, follow the resort's Emergency Response Procedure and the direction of the Fire Warden/Chief Warden on duty.

- Emergency contact numbers and evacuation diagrams are displayed throughout the property and in staff areas.

2.5 Pool, Hot Tub & Water Safety

Staff in guest-facing and grounds roles must be familiar with the following pool and hot tub safety requirements:

- Pool fencing, gate and signage requirements under the Swimming Pools Act 1992 (NSW), including keeping pool gates self-closing and self-latching at all times.
- Correct display of depth markers, 'no lifeguard on duty' signage, and pool/spa operating hours.
- Safe storage, handling and dosing of pool chemicals, away from guest areas, with Safety Data Sheets (SDS) available on request.
- The procedure for responding to a suspected drowning or medical emergency in or near the pool/hot tub, including who to call and where emergency equipment (rescue pole, first aid kit) is located.

2.6 Manual Handling & Housekeeping Safety

- Staff must use correct manual handling techniques when lifting linen, luggage, furniture or supplies, and use trolleys/equipment provided rather than manual carrying wherever possible.
- Cleaning chemicals must be stored, labelled and used in accordance with their SDS, and never decanted into unlabelled containers.
- Laundry and kitchen equipment must only be operated by staff who have received training on that equipment.

2.7 Injury Management & Return to Work

Any staff member injured at work should report it immediately and seek first aid or medical attention as needed. The resort will support an injured worker's recovery and safe return to work in accordance with NSW workers compensation legislation.

2.8 Consultation

Staff are encouraged to raise WHS concerns or suggestions at any time with their supervisor or at team meetings. The resort will consult with staff on changes that may affect their health and safety.

3. Anti-Discrimination, Bullying & Harassment Policy

3.3 Bullying and Harassment

Workplace bullying is repeated, unreasonable behaviour towards a worker that creates a risk to health and safety. Harassment (including sexual harassment) is unwelcome conduct of a sexual or other nature that makes a person feel offended, humiliated or intimidated. Examples of unacceptable behaviour include (but are not limited to):

3. Formal complaints will be investigated promptly, fairly and confidentially, with procedural fairness given to all parties.
4. No staff member will be victimised or disadvantaged for making a genuine complaint in good faith.

4.2 Standards

- Staff must not attend work, or remain at work, under the influence of alcohol or illicit drugs to any degree that impairs their ability to work safely.

4.3 Support

Staff experiencing difficulties with alcohol or drug use are encouraged to speak confidentially with management about available support options, which may include referral to an external Employee Assistance Program (EAP) or GP, without fear of automatic disciplinary action for seeking help.

4.4 Consequences

Where a staff member attends work impaired, this will be treated as a serious WHS and conduct matter and may result in the employee being stood down from duty and formal disciplinary action, up to and including termination.
